Thermodynamics	Hovercraft Written Test	Remote Sensing	Rocks & Minerals	Microbe Mission	Optics	Mission Possible
Write It, Do It						Mousetrap Vehicle
						Towers
NOTE: This does not indicate exactly when in the day each session will occur. However, it does tell you the event conflict.						
The events in a single session will all be held at the same time, so a student may only be in one event in a session.						
For example, in Division B, someone in Thermo cannot be in Write It, Do It because they are both in Session D.						
Coaches will schedule students in the "self-schedule" events in a session of their choosing.						
The specific schedule with times will be available for each tournament by the end of December.
