

Virginia Tech
Division C Invitational Science Olympiad Tournament
Registration Form
Saturday, December 2nd, 2017, 9am - 5pm
\$120 per team

Virginia Tech will be hosting a Division C Invitational Tournament. The tournament will be open to schools in Virginia and surrounding states. The signup process for the tournament will be on a first come, first served basis, with spaces reserved upon confirmed receipt of registration and payment. Schools may register up to three teams. All teams must be registered with their state organization. **The registration dead line is Saturday, October 16th, 2017 and for payment is Saturday, October 30th, 2017. Note that registration may close earlier if all 30 spaces for teams are filled. Payment will open after September 20th, 2017.**

Registration fees will pay for tournament awards and facilities. Trophies will be awarded to the top 3 schools with no more than 1 trophy per school. Medals will be awarded to the top 3 places and ribbons to the 4th and 5th places in individual events.

Virginia Tech and VASO will provide volunteers to write and run events- including all materials (tests, equipment, etc.) and personnel (assistant proctors, timers, graders, etc.) needed to run the event. If a participating school wants to provide volunteers to write and/or run events, or materials, they must indicate so in the registration form.

All national events, excluding Game On, will be run. The VA-only event Code Analysis will not be run. Mission Possible and Mousetrap Vehicle will be run as trial events (*do not count towards the official medal tally; competitors will still be eligible to win medals*). There will also be no impound. We will follow the Regional rules in the manual where a distinction is made and follow the national event clarifications. The schedule may be altered to accommodate the competition capacity, but we will attempt to avoid any event conflicts that contrast with the official Virginia Science Olympiad event schedule. The official schedule will be made available on **Saturday, September 16th, 2017**.

All participating teams will receive copies of their tests following the Awards Ceremony. The answer keys along with a blank copy of the test will be posted online.

All teams that are interested in pre-ordering pizza (Domino's Pizza) must fill out the [goo.gl](https://goo.gl/forms/g88XIR2yTdeQjvOh2) form below. All information regarding orders are included on the form. If any team plans on not ordering pizza, they can dine in any of the Virginia Tech dining halls open that day or in downtown Blacksburg.
